## SOLUTION

NADALIÉ SOLUTION barrels are designed for today's style of wine aging that emphasizes the fruit and constructs silky, structured tannins.

### Expression Rouge SATIN

Aging with  
finesse

The Expression Rouge Satin barrel is crafted from tight-grain French oak sourced from the Vosges, Allier and Center regions of France. It brings minerality, freshness and significantly increases the length in the finish.

### Expression Rouge VELOURS

Volume, structure  
and length

Staves used for the Expression Rouge Velours barrel are made from oak of the Nevers and Allier forests. Due to its limestone clay terroir, the Nevers oak imparts both volume and length, while the Allier oak adds freshness and mid-palate structure with a smooth, velvety length.

### Perle Blanche FRUITÉ

Enhancing fruity  
white wines

The Perle Blanche Fruité (fruity toast) barrel enhances the aromas of dry white grape varieties such as Sauvignon Blanc and Chenin Blanc. The wines are crisp, show brightness in color, elevated aromatics, and are enriched by a hint of creaminess.

### Perle Blanche ÉPICÉ

Enhancing spicy  
white wines

Perle Blanche Épicé (spicy toast) barrel highlights grape varieties such as Sémillon and Chardonnay. This barrel gives a brilliant golden color and brings vivacity, freshness and delicate spicy notes with hints of licorice to the wine.

Available in 225L to 600L

## TRADITION

NADALIÉ TRADITION barrels have been created with great respect for heritage and time-honored traditions. With meticulous selection of French oaks from the finest origins, they are the assurance of authentic and classic wine aging.

### Assemblage

A blend of tight grain wood originating from the premier forests of the Center of France. Its smoothness and versatility make the Assemblage one of our most popular barrels.

### Privilège

---

Crafted from a mixture of carefully selected Sessile oaks. Ideal for traditional short-aging periods of 10 to 12 months, it offers rich texture and elegant oaky notes.

**For red wines:** Respects the fruit and provides soft tannins. Aromatic array and mouthfeel are achievable through varying toast levels.

**For white wines:** Its delicate profile is harmonious with white wine varietals. Water spraying during toasting enhances wines that require aging periods of 10 to 12 months.

## ÉVASION

NADALIÉ ÉVASION extends the range further,  
with barrels crafted of wood sourced around the globe.

### Hungarian

---

Sourced from forests in Western Hungary, *Quercus petraea* is a slow growing oak native to most of Europe. The slow growth creates medium to fine/tight grains. Recommended for full-bodied wines, it imparts nutty flavors with hints of vanilla.

### Slavonia
