DELIVERY NOTE *With the continued volatility of ocean freight, we want to be as transparent as possible on what you can expect this year. We've created a sample schedule from date of signed sales order to delivery to provide some insight when planning for this year's harvest.*

The timeline below is for informational use only based on what we experienced last year and current transit times and is not a guarantee of any specific delivery date. Please note the range of time in certain columns as there are multiple factors that can affect these areas. We're hoping that the largest contributors (ocean transit & port release times) will improve but that remains to be seen.

PO CONFIRMED SO SIGNED	4-5 WEEKS PRODUCTION	CONTAINER LOADING	3-4 MONTHS OCEAN TRANSIT	PORT RELEASE 2-3 WEEKS	*1 WK DELIVERY TURNAROUND
March 31	Late April	Early May	Early August	Mid August	Mid to Late Aug
June 1	Early July	Mid July	Mid to Late Oct.	Early Nov.	Mid Nov.

**Unless FC direct to client. All others, turnaround time will vary depending on timeliness of: confirmation of delivery details, receipt of required payments, availability of client and/or freight carriers.*
